

## Wireless Microphone User Agreement

I fully understand and agree to follow the guidelines listed below, along with any instructions I receive from the technical crew:

1. After the tech crew member has placed my wireless microphone body pack and headset, I will not remove or reposition any part of it without assistance from a technical crew member.
2. After each performance, a member of the technical crew will remove my wireless microphone body pack and headset properly. I will NEVER remove my own microphone.
3. If a costume change is required, I will wear an appropriate piece of clothing under all my costume changes that the microphone can be properly attached to. Examples of appropriate garments to wear under costumes can be body suits, leotards, spandex shorts, fitted tank tops or cami shirts. The items should be worn fitted against your body, so the body pack clip can be attached securely and not slip out during costume changes or movement on stage.
4. The attached clip on the microphone body pack must be used at all times to prevent the body pack from falling out of pockets and other costume pieces and colliding with the floor.
5. DO NOT disconnect the wire from the headset into the body pack for any reason without the assistance from a technical crew member. Improperly removing the plug and installing it can destroy both the headset and the body pack.
6. Apply all make-up, hairspray, body glitter, and so on BEFORE being fitted for your wireless microphone body pack and headset. If you do notice any make-up or other substances have transferred onto your microphone, please notify your technical crew member so it can be properly cleaned.
7. Headsets are to never be torn from my head, wrenched about roughly, or left to drag from the body pack. These are delicate pieces of theatre equipment that must be treated with the utmost care.

I, \_\_\_\_\_, fully understand that I am responsible for the wireless microphone body pack and headset given to me by the technical crew. If a microphone or body pack is damaged due to misuse, mishandling, or not adhering to the guidelines above, ***I understand I am fully responsible for the cost of replacement or repair (anywhere from \$20-\$250).***
